Re: Ms. Wenqiu Wang, Congratulations and Recognition of your good work

Dear Ms. Wang,

I just wanted to drop you this quick note to acknowledge your good work to promote and organize the Chinese language programs and share Chinese culture across the Washington State.

The breadth of the programs you've organized is very impressive and have exposed countless Washingtonians to Chinese culture, arts, and language. From cultural performances like the Chongqing Acrobats performed at CI K-12 side when President Xi Jinping was visiting Seattle, to organizing student exchange programs and summer camps, to strengthening and expanding Chinese language instruction in public schools, it's hard to imagine how you've been able to accomplish so much in just two and a half years.

You've done yeoman's work in promoting the good name of the Confucius Institute and I wish you much continued success in bridging good will and cultural appreciation between Washington State and China.

Sincerely,

Bob Hasegawa
Washington State Senator
